Chennai, Tamil Nadu, 602105, India | 08122302728

Aspiring Full-Stack Developer with a passion for AI and Cybersecurity. Skilled in React.js, Flask, and PostgreSQL. Experienced through internships and certified in OCI, Generative AI, and Data Science. Eager to build impactful tech solutions.

Work Experience

Web Application Developer
Feb 2025 - Apr 2025

QSpiders - Software Testing Training Institute | Poonamallee, Tamil Nadu, India

Completed a Web Application Development Internship at Robowaves (a unit of Test Yantra Software Solutions India Pvt. Ltd., associated with QSpiders – a leading software training institute). Gained hands-on experience in developing full-stack web applications using Flask and PostgreSQL. Worked on API integration, UI development, and data-driven features. Enhanced my skills in backend development, software deployment, and version control with Git.
